## What is LearnPad<sup>®</sup>?

The LearnPad "Purpose Built for Education" solution comes ready out of the box for classroom use anywhere, anytime.

The LearnPad Solution includes three unique components that allow educators to easily deliver secure digital content: The LearnPad Tablet + Cloud Based Management Portal + Content Store. With the anywhere, anytime cloud based Management Portal, schools have simple classroom controls so that videos, music and documents can be used in an instructionally focused manner.

The LearnPad carries no subscription, renewal, or recurring fees beyond the initial cost. LearnPad is recognized as a "BETT Best Digital Device" for 2013, brought to schools across the US exclusively by Educational Resources and LearnPad Authorized partners.
